Hi Bonnie,

Thank you for your correspondence. I am happy to report that the Councilwoman has remained active in all of the communities in the 7th District. In fact, 6 weeks ago she was hosted by Mountain Glen residents for a community coffee (in addition to her community walks and town halls). Monday's meeting, for HOA Board Members of the Mountain Glen I, Mountain Glen II, and Santiago Estates, is another example of her continued commitment to community engagement. I know that she too is looking forward to a constructive meeting and is eager both to share the hard work that she has been leading on behalf of the community, and to discuss how we can work together in the future.

Regards,

Doug Tripp, Chief of Staff

Hello Rosie,

Thank you for the prompt reply. I must say that is disappointing.

Sylvia has the modified agenda and I expect will bring extras along to the meeting. I was not involved in the making of the agenda.

As a side note for clarity: the persons at this meeting are coming together as individuals living in the 3 communities and NOT as officers of any home owner association. For example, I was invited as an individual representative for my residential community (and the immediate area issues) along with Janet Gibson.

I appreciate the professionalism with which this council office operates. At this meeting, I expect that we will all treat each other as friendly neighbors trying to come to some resolutions for a better quality of life here in our part of Sylmar.

Personal note: Monica is the 5th council member I have interacted with over the years. I have to say that most other council members came into our community to interact with the constituents more regularly. I am disappointed (as are others) that the meeting was not originally planned locally. But I understand that things are worked differently with this office if we

are expecting to meet with Monica herself instead of a Field Rep. After all, Monica did come to Sylmar to campaign and meet with neighbors in their homes. That was the Monica that I (and others) expected to experience if she was elected. I truly believe that there should be enough people in the communities that have had the personal face to face communication with our council member - in the locally that they live in - to feel that they are getting the attention and assistance from their elected representative! Mutual respect and action is key to getting stuff done!!

Respectfully and sincerely,

Bonnie

Hello Rosie,

After a meeting last night with several of the participants listed for this meeting with Monica, we have a request to change the meeting location to the Poor Clare Missionary - 13026 Angeles Way, Sylmar (access through the Mountain Glen Terrace community).

The Sisters of the Missionary are inviting Monica and Juan to have our meeting at their facility and give them both a tour. This is a fantastic opportunity for Monica as the Missionary is over 100 years old and has a very interesting history!

We have cut down the numbers of topics to discuss to about 3-4 which will of course reduce the duration of the meeting significantly.

We also prefer Monica to see what Maclay street looks like from Fenton to Foothill which is part of our discussion. I personally have opened a program request with BSS - a coordinator for street resurfacing and restructuring - but we invite Monica to chat with us about it as it will need her consideration for funding as it is not up for resurfacing any time soon.

Also, we invite Monica to take a ride through Santiago Estates to see first hand the progress being made (or not made) on the lots which had burned out houses (30) from the Creek Fire. If she takes the Maclay/Harding streets to get to Poor Clare Missionary, she will see the areas that we will be discussing during the meeting. She won't have to "imagine" it or assume anything if so. Then if she and Juan wants, they can continue up Harding to view the Santiago Estates community so they can get an idea of the status.

Monica has been gracious by attending the SIBL opening day ceremonies, but there are also the homeowners in our area that could use her personal attention.

Rosie, please call me at [REDACTED] or reply to let us know if she accepts the invitation for location change.

Bonnie Bernard
